

EMEA User Group

Stay in touch with your peers and Tanium experts
June 10th, 2021 at 9:00 AM BST | 10:00 AM CEST

Join our first **Virtual User Group** of 2021 to gain some excellent insights from Tanium and our customers. We will also share the latest roadmap and updates from Tanium in our breakout sessions.

The User Group has been optimised for a virtual delivery. The event will run for two and a half hours, consisting of shorter, more interactive sessions.

During the event, you will have the opportunity to ask questions. The most active participants will **receive exclusive Tanium prizes**, so don't be shy! If you have any further questions, please contact angela.davies@tanium.com
