

Tanium Certified Atlas Scout (TCAS)

SKU: TAN-EXAM-TCAS | Exam Code: TAN-6000

Available at [Converge!](#) Nov 16–19

Tanium Certified Atlas Scout is an entry-level certification designed to validate the ability to prompt, interpret, and review AI-driven results within governance guardrails.

FORMAT	SCORE POINTS	SEAT TIME
Multiple choice	40	65 minutes

Candidate profile

An entry-level Tanium user who is familiar with Atlas fundamentals, basic IT operations, and security concepts. They can write and refine a scoped prompt, interpret and validate Atlas's panels and responses against supporting endpoint data, recognize when a result needs verification, and review and approve a proposed action within approval guardrails.

Candidates usually have a minimum of 1 year of IT operations or security experience and at least 3+ months of hands-on Tanium Atlas experience.
